Please make sure your child is dressed appropriately to play outside. We will be going outside if the temperature is above 25 degrees. Please provide a hat, gloves, and a proper winter jacket to enjoy the weather. Please remember that jackets are hung on the hook of your child's cubby & lunch boxes are slid in bottom compartment. Nothing else should be stored in your child's cubby. This makes it much easier for our children to learn self-help skills and get their coats on and off their hooks with ease.
