

PreK-1 2019 February Newsletter!

Hello February! The month of love and lots of hugs ☺ we hope everyone is keeping warm on these cold days. This month we will be talking about, Valentine's day/hearts, Dental health, healthy food, and Black History month. We all can't wait to talk about these things and do great activities. Thursday February 14 prek1 will be having a special Valentines party!!! So you do not have to pack a lunch for your child and WEAR YOUR BEST DRESSED CLOTHES ☺ Next week Miss Johanna will be putting out a sign-up sheet on the door for the list of food and treats. We greatly appreciate it if you could bring something in for the party. Also every Friday is Show-n-tell day. This is the only day that your child is able to bring in something special from home to show and share with their friends.

FUN FACTS FOR KIDS

- Groundhog Day, celebrated on February 2, came about because of a German superstition. They thought if a hibernating animal cast a shadow on February 2nd that winter would last for another six weeks. If there was no shadow, spring would come early.
- On February 10, 1962, Astronaut John Glen Jr. became the first American to orbit the earth.
- Amethyst is the birthstone for the month of February.
