Our Learning

- Counting and identifying numbers 1-20.
- Writing with capital and lower case letters.
- Recognizing visual cues and verbal cues that a friend needs space.
- Talking to a friend about making a better choice when they aren't following directions is a great choice!

At-Home Practice

Fine motor skills can be developed not only by writing, but by doing fun activities at home, too! Some ways to practice at home are: lacing beads with pipe cleaners, making pasta necklaces, and sorting small pebbles by shape or color!

Reminders

- I will start applying sunscreen in the afternoon only on May 6th. Please send in sunscreen that has your child's name with a signed for it.
- Sunscreen needs to be applied each morning at home when the weather gets warmer.
- Please continue to send in a light jacket for your child until it is consistently warm. In the morning, it still can be chilly outside on the playground!
