

SEPTEMBER

Pre-K's 2020 Newsletter

Please continue to talk about and practice ways to prevent the spread of germs.

- Counting to 20 out loud and washing your hands with your children is a great way for proper handwashing to become a habit for them.
- Practicing covering sneezes and coughs with the inside of your elbow can also help to discourage them from covering their mouth with their hands

We have been having SO much fun in Pre-K! We have been following directions, using our words to talk to our friends and asking for help when we need it. We are back to practicing writing and cutting at least every other day, depending on how many friends come each day. Most days you can find almost every seat at all of the tables filled with friends that want to cut and practice tracing lines. How cool is that!?! Almost everyone comes, by choice, to do "work" instead of Free Play!

IMPORTANT

- SEPTEMBER 7- LABOR DAY- BCEEC CLOSED
 - SEPTEMBER 28- FIRST DAY OF FALL
