

Pre-K 2 May Newsletter

****Important Date**** **Brookside is CLOSED on Monday May 30th**

*The first week of May which is the 2nd to the 6th is Teacher Appreciation Week.

*On Friday May 6th we will have a quick 5 minute activity for Mom's to do with their child at drop-off or pick-up.

*Our Pre-K Graduation will be held at Grange Park on Wednesday May 18th at 6:30pm and our rain date will be the following Thursday May 19th at 6:30pm.

*Evaluations will be handed out the week of May 23rd and Parent Conferences can be scheduled that week if you are interested in having one.

Our Lessons in May will be a lot of fun! Here is a description on what we will be doing in May.

Bugs and Insects

What is crawling in the grass? Why are insects fun to watch but not to touch? These are just a few of the questions the children will be answering during our next unit, "Bugs & Insects." From ants to spiders to crickets, we will be exploring just a few of the interesting creatures that live in our yards and gardens.

Growing in the Garden

We are going to be outside enjoying warmer weather as we explore our next unit, "Growing in the Garden." During this unit, we will get ample opportunities to deepen our knowledge of plants, gardening and growing food. We will do this through exploration, dramatic play, songs and lots of digging! Everyone is sure to have a green thumb after this unit! In addition, our understanding of responsibility will grow as we help take care of plants, flowers and trees in our immediate environment.
