

Last month Pre-T had fun exploring all things winter. We dressed warm and made crafts to do with hats and gloves, and learned about snow and ice.

We had fun playing with the two winter elements in the sensory table. Pre-T enjoyed playing with snow building snowmen and igloos and had fun feeling the cold ice blocks when we learned about arctic animals.

This month we will be learning about Dental Health, Valentine's Day, Pets and Dr.Seuss.

We will learning the importance of good dental health and "brushing teeth" with our center activities. For Valentine's Day we will have a special Dress your best day with music and a party at lunch. We will be learning about Pets and are having a special Love your Pet day later in the month. We will end the month talking about Dr.Seuss and reading his books and having art activities to go along with each book we read.

Important Dates:

2nd-Stretch-N-Grow

9th-Pizza Day

14th-Dress Your Best Day/Valentine's Day Party

16th-Stretch-N-Grow

20th-Love Your Pet Day

We look forward to a fun filled month! As always please keep your child's clothing updated with the correct size and season. If you have any questions please either ask or write on our communication board in the room.
