

November

November is here, and fall is in full swing! The weather is getting colder and the leaves are starting to come down quickly! This month we are so excited about our two units which are “Make it Move” and “Traveling, Traveling”. We will also be doing crafts and activities related to fall and Thanksgiving! Some skills we will be working on is sitting as a group for circle time, using fine motor tools such as crayons and paintbrushes, and learning different words that we explore in our units!

Books We Will Read:

Five Silly Turkeys
Fall Touch and Feel Book
